**Statement:**

Fairbanks deserves leaders who **act boldly and work hard to get the job** done in Juneau. Listening to your concerns and being accountable to you has helped me **work for needed change** in Juneau. If reelected, I will continue to stand up for what is right, work across party lines, engage the voters and solve problems.

Working with you over the last few years, I helped bring millions of dollars of construction money to local neighborhoods, schools and parks which were neglected for decades. On the Education Committee, I brought needed reforms to improve Pre-K and early education and enhance achievement at UAF. As a member of the House Finance Committee last year, I was a budget hawk and ensured that we are save first, spend wisely and protect our permanent fund.

As a member of the House Resources Committee, **I helped pass historic legislation** to get a gasline and gas trucking moving forward. A gasline is still years away in construction to help with our current energy problems. As a mid-term solution, I supported renewable energy projects, conservation and home weatherization. But we also must help our families with the cost of energy through short-term solutions and sharing some of our oil wealth.

It has been an honor to serve you for the last few years. I will continue to be a strong and steady hand in government and stand up for your needs in Juneau. I look forward to serving you in the future.
